

With this 2-14 Heavy duty ring stretcher, you can stretch your ring evenly and with less effort.

This ring stretcher accommodates US sizes 2 to 14.

This ring stretcher can expand gold, silver, and platinum rings.

How to use:-

Step - 1

Step - 2

Step - 3

While unboxing you will notice lubrication oil on the product (To protect it from rusting) therefore before using please wipe it with clean cloth.

You will get it in two parts as shown in STEP-1 (1) Ring stretcher (2) Grabbing handle, to be fitted to ring stretcher as shown in STEP-2.

To begin stretching, first hold the ring stretcher in upright position with conical part on the top and rotary handle at the bottom (STEP-3). Then rotate the rotary handle counter clockwise until it gets stuck.

Step - 4

Insert the ring into conical spline, now ring is ready to be stretched. Hold the grabbing handle with one hand and rotate the rotary handle clockwise with the other hand for 4 to 5 rotations. Flip the ring and repeat this process until the size of the ring increases by one increment.

NOTE: - By using this ring stretcher, you can expand the size of your ring by one increment only (Ex. 3 to 3.5, 4 to 4.5 - ring size) and more stretching may cause harm to your ring.
